

PharmNotes Neil Medical Newsletter Index

Updated thru 8/18

A

Acetaminophen

The Dangers of Acetaminophen 7/01

Safety of Acetaminophen 12/02

Medications Containing Acetaminophen 6/06

Acetaminophen overdose warnings and the FDA 09/09

Acetaminophen: A Closer Look 3/10

Acetaminophen: New FDA limits on combination products 3/11

Adverse Drug Reactions

Drug Induced Color Changes in Urine 12/99

Drug Induced Movement Disorders 10/00

Movement Disorder Cases 10/00

Medication-Induced Cough 7/01

Tegretol-Induced Rash 11/01

Inservice: Adverse Drug Reactions 2/02

Adverse Drug Reactions Quiz 2/02

Adverse Drug Reactions vs. Allergies 4/02

Drug-Induced Weight Loss 4/03

Drugs That Can Cause Seizures 8/03

Drugs That Affect Thyroid Function 10/03

Managing Side Effects of Opioids 2/04

Inservice: Drugs Associated with Weight Changes 2/04

Adverse Effect: Heart Failure 4/04

Recognizing EPS 4/04

Medications That May Cause Photosensitivity Reactions 7/04

Age

How Old is Old? 8/03

Growing Old and Older: What Happens To Us? 4/06

Aging of the Baby Boomers: Is Long Term Care Ready 9/11

Aggrenox *New Drug Update* 4/00

Allergies

Treatment for Allergies 7/01

Adverse Drug Reactions vs. Allergies 4/02

Allergy Alert 8/02

Drugs to Avoid in the Sulfa Allergic Patient 10/03

Clinical Pearls: Sulfa Allergy 7/04

Drug Allergies: Types, Risks & Monitoring 1/15

Alternative Medicine

St. John's Wort 4/99

Glucosamine in Osteoarthritis 6/99

Ginkgo Biloba 8/99

Immune-Boosting Herbs 3/01 (Echinacea)

Understanding Herbal Labels 9/01

Herbal Alerts 4/02

New FDA Certification for Supplements 12/02 (Herbal and Dietary)

Weight Loss Herb Unsafe 2/03 (Ephedra)

Alzheimer's Disease (see Dementia)

Amiodarone Induced Pulmonary Toxicity 5/17

Amitiza

Anemia

Understanding Anemia 12/00

ABC's of Anemia 07/10

Antibiotics (see Infectious Disease)

Anticoagulation (Warfarin, Coumadin, Lovenox)

Inservice: Anticoagulation with Warfarin 4/99, 5/08

Coumadin Monitoring 6/00

Vitamin K for Anticoagulation Reversal 9/00

New Lovenox Prefilled Safety Syringes 4/04

Clinical Pearls: Lovenox Injection Tips 7/04

Inservice: Anticoagulation Management 12/05

Antiepileptic Drugs (AED's)

Changing Dilantin Dosage Forms 8/99

New Drug Update: Trileptal 7/00

Dilantin Suspension Per Tube 9/00

Depakote ER for Migraine Prevention 2/03

Alternative Treatments for Dementia-Related Agitation 6/03

Tapering Dilantin 6/03

The Relationship Between Phenytoin (Dilantin) and Albumin 10/03

Antidepressants (see Depression)**Antipsychotics**

New Mellaril Warnings 10/00

New Information on Zyprexa Administration 10/00

Atypical Antipsychotics and Diabetes 12/00

New Drug Update: Geodon 2/02

New Drug Update: Injectable Geodon 8/02

Proper Administration of Remeron Soltabs and Zyprexa Zydis 4/03

Inservice: Antipsychotic Use for Organic Mental Syndrome 6/03

Risperdal M tabs 8/03

New Drug Update: Abilify (aripiprazole) 10/03

Focus on Assisted Living: Understanding the Use of Antipsychotic Medications 10/03

Recognizing EPS 4/04

Neuroleptic Malignant Syndrome: Antipsychotic Adverse Effect 4/05

Black Box Warnings for Atypical Antipsychotics 8/05

Artificial Sweeteners & Weight Loss 11/11**Aromatherapy 3/15****Aspiration Pneumonia**

Aspiration Pneumonia in the Elderly 1/13/13

Aspirin

Aspirin for Cancer Protection 6/02

Assisted Living

New Assisted Living Regulations 2/00

Focus on Assisted Living: Giving Insulin 10/00

Focus on Assisted Living: Diabetes 12/00

Focus on Assisted Living: Preventing Dehydration 5/01

Focus on Assisted Living: Fall Prevention 6/02

Focus on Assisted Living: MAR Reminders 12/02

Focus on Assisted Living: Non-Drug Interventions for the Management of Insomnia 2/03

Focus on Assisted Living: Understanding the Use of Antipsychotic Medications 10/03

Focus on Assisted Living: Recognizing Symptoms of Urinary Tract Infection 12/03

Assisted Living Update: North Carolina Adult Care Home Survey Process 4/07

Atrial Fibrillation Inservice 6/05

Axona *New drug update 11/10*

B

Barretts's Esophagus 11/17

Beers Criteria 11/12

Best Practices

Medical Administration Information Card 01/01

Coumadin Alert Sticker/Stamp 03/09

Wasting of Duragesic Patches 05/09

Pain Assessment Scale 07/09

MAR Check 09/09

Pain Management Committee 11/09

Stickers for Nurses' Notes 1/10

Direction Changes on MAR 3/10

Exelon Patch Site Form 05/10

Monthly Medications Review Meeting 07/10

Lab Monitoring 09/10

Medpass Cheat Sheet 11/10

Keeping up with Discard Date 1/11

Antibiotic Reference Tool 3/11

Benign Prostatic Hyperplasia 9/15

C

Calcium

Calcium Supplementation to Prevent Osteoporosis 6/03

Clinical Pearls: OsCal D dosing 7/04

Calcium Dosing-- It's Elemental 8/06

Update on Calcium Supplementation 9/16

Cancer

Treating Cancer pain 9/00

Aspirin for Cancer Protection 6/02

Breast Cancer and Antiestrogen Drugs 7/04

Cancer Related Cachexia Syndrome 5/14

Carbamazepine (Tegretol)

Tegretol-induced Rash 11/01

Alternative Treatments for Dementia-Related Agitation 6/03

Celexa 4/99

Cellulitis Skin Infections in the Elderly 3/13

CHF (see Heart Failure)

Cholesterol

Cholesterol: The Good, the Bad and the Ugly 2/02

LDL Particle Size: What's the Big Deal 5/13

Cholinesterase Inhibitors

New Drug Update: Exelon 9/00

New Drug Update: Reminyl 9/01

Alternative Treatments for Alzheimers Disease 2/03

Alternative Treatments for Dementia-Related Agitation 6/03

Reminyl Name Change to Razadyne 4/05

Razadyne ER can be opened and mixed with food, but not given per feeding tube 10/05

Should Anticholinergic Drugs Be Given With Acetylcholinesterase Inhibitors? 12/05

Chronic Pancreatitis 5/16

Clostridium Difficile 11/09

Managing Clostridium Difficile 7/14

Clostridium Difficile: An Overview 7/17

CMS Issues Guidance to Nursing Homes on Medication Practices 5/13

CMS Proposes Mandaory Consultant Pharmacist Independence 3/12

CMS Proposes the MegaRule 3/16

CMS Finalizes the MegaRule 5/17

Colchicine

Colchicine for Constipation 8/00

Colchicine for Gout 12/02

Compression Stockings – DVT Prevention 5/08

Constipation

Meds that can contribute to fecal impaction 12/99

Colchicine for Constipation 8/00

Inservice: Constipation vs. Impaction vs. Obstruction 6/02

Managing Side Effects of Opioids 2/04

Controlled Substances

New Percocet Strengths 4/00

Inservice: Controlled Substance Documentation 9/00

Controlled Substance Inspection Tips 1/01

Inservice: Proper Disposal of Narcotics: 1/01

Returning Controlled Drugs 2/02

Don't Tape Those Blister Cards! 10/03

Managing Side Effects of Opioids 2/04

Inservice: Controlled Substance Loss or Diversion 4/04

Emergency Narcotic Kits/Controlled Substance Inspections 7/04

Narcotic Kit/Controlled Substance Returns 7/04

Clinical Pearls: Proper Disposal of Duragesic Patches 7/04

Vicodin vs. Norco vs. Lortab AND Percocet Multiple Strengths 11/04

Proper Administration and Removal of Duragesic Patches 11/04

How to Have Expired Drugs Removed from Emergency Controlled Substance Drug Kits 2/05

Duragesic Reminders/Generic Fentanyl Patches Now Available 2/05

Application of Fentanyl Topical Patches 2/06

Focus on Nuts and Bolts: Drug Distribution, Accountability, and Controlled Drugs 4/07

How to obtain orders in long term care 7/08

DEA Takes Action Against LTC Pharmacies 09/09

Controlled Substance Reference Chart by Schedule 09/09

Completeing a DEA 222 Form 3/10

Controlled Substance Inspections: Be Prepared 5/11

Hydrocodone Rescheduling 5/14

Surviving a DEA Inspection 5/18

COPD

New Nebulizer Solution (Duoneb) 9/01

Serevent Inhaler (MDI) Discontinued 6/03

Spiriva HandiHaler – A New Drug For COPD 9/04

Serevent Inhaler (MDI) Discontinued 6/03

Steroid Inhalers: Rinsing After Use 6/06

Nebulized Respiratory Drugs 8/06

Advair Diskus Expiration Dating 8/06

Inservice: Use of Oral Inhalers 12/06

COPD vs Asthma: Treatment 1/17

COPD Update: Gold Guidelines 3/18

Corticosteroids: Could it be the Corticosteroid? 5/17

Cough

Medication-Induced Cough 7/01

Finding the Right Cough Medicine 11/01

Long Acting Guaifenesin Removed From Market 4/03

Coumadin

Gut Bacteria Eradication and INR 07/09

Guidelines for Coumadin Therapy: How Long do we Treat? 7/11

D

Dehydration

Quality Indicators: Dehydration 2/00

Dehydration in the Elderly 5/01

Focus on Assisted Living: Preventing Dehydration 5/01

Dehydration in the Elderly 11/16

Dementia (see also Cholinesterase Inhibitors)

High Dose Vitamin E for Alzheimer's Disease 10/02

Alternative Treatments for Alzheimers Disease 2/03

Alternative Treatments for Dementia-Related Agitation 6/03

New Alzheimers Drug 2/04 (Namenda)

Inservice: Dementia 11/04

Alzheimer's Disease review 12/07

Non-Pharmacological Approaches in Treating Dementia 11/12

Differentiating Between Dementias 11/14

Non-Pharmacologic Approaches to Dementia 9/17

Dental

Antibiotic Prophylaxis Guidelines 8/07

Depression

St. John's Wort 4/99

New Remeron Formulation 11/01

Proper Administration of Remeron Soltabs and Zyprexa Zydis 4/03

Understanding Depression 12/03

New Antidepressant Drug: Cymbalta 9/04

Emsam (Selegiline Transdermal System: A New Drug Formulation for Major Depression 8/06

Inservice: Depression in the Elderly 12/06

Depression in the Elderly 3/11

Alternative Treatments for Depression 9/14

Diabetes

All About Diabetes: An Overview 11/17

Inservice: Regranex Use in Diabetic Extremity Ulcers 7/99

Actos and Avandia 10/99

Inservice: Timing of Antidiabetic Medications 5/00

Diabetes Statistics 6/00

Focus on Assisted Living: Giving Insulin 10/00

Atypical Antipsychotics and Diabetes 12/00

Focus on Assisted Living: Diabetes 12/00

New Meds for Diabetes 5/01 (Lantus, Starlix)

Hypoglycemia Treatment Protocol 9/01

Administering Glucagon 9/01

Keeping Insulin in the Refrigerator 2/02
Combination Treatments for Diabetes 6/03 (*Glucovance, Metaglip, Avandamet*)
Inservice: Mixing Insulin 8/03
Adverse Effect: Heart Failure 4/04 (*Thiazolidinediones*)
Inservice: Insulin Review 7/04, 12/07
Clinical Pearls: Lantus 2/05
Clinical Pearls: Metformin 2/05
New Drug for Diabetes: Symlin 6/05
Exubera: An Orally Inhaled Insulin 6/06
New Drug: Levemir (Insulin Detemir) 8/06
Diabetes Quiz 12/07
New Innovations for DM 3/10
Hi Dose Insulin: Risk vs Benefits 11/14
Managing Diabetes in the Older Adult 3/15
Sodium-Glucose Co-Transporter 2 Inhibitors for Type 2 Diabetes 5/15
Inhaled Insulin: Afrezza 9/15
ISMP Guidelines Update: Insulin Safety 5/18

Digoxin

Digoxin Toxicity: A Case Study 7/15

Diuretics

Why is Metolazone Given Prior to Loop Diuretics? 12/05

Documentation

Write it Right! Risk Management and Litigation 01/09
Write it Right! Top Reasons for Litigation 03/09
Write it Right! Failure to Record Pertinent Information 05/09
Write it Right! Failure to Record Nursing Actions 07/09
Appropriate Psychotropic Use and Behavior Documentation 09/09
Write it Right! Failure to Record Drug Interactions or Changes in Condition 09/09
Unacceptable Abbreviations 11/09
Write it Right! Recording information in the Wrong Patient's Chart 11/09
Write it Right! Writing Illegible or Incomplete Orders 1/10
Write it Right! Writing Illegible or Incomplete Orders 3/10
Using Abbreviations Wisely 05/09
Write it Right! Failure to Properly Discontinue a Medication 05/10
Write it Right! Failing to Properly transcribe orders 07/10
Write it Right! Improper Orders 09/10
Write it Right! Failure to Record that a Medication has been Given 11/10
Write it Right! Failure to Follow a Specific MD Order 1/11
Write it Right! Inappropriate use of Abbreviations 3/11
"Let Me Get Back to You": PRN Medication Outcomes 7/15

Dosing Issues

Ensuring proper dosage of house stock items 8/99
Clinical Pearls: Augmentin, OsCal D Dosing Equivalence Issues 7/04
Vicodin vs. Norco vs. Lortab AND Percocet Multiple Strengths 11/04

Drug Abuse

Non-Traditional Drugs of Abuse: What the Clinician Should Know 3/18

Drug Allergies

Understanding Drug Allergies 1/18

Drug Interactions/Side Effects

Top Ten Drug Interactions in the Elderly 6/02
Food/Drug Interactions 03/09
Plavix/PriLOSEC interaction 1/10
Drugs that Cause Urine Discoloration 07/10
Drugs that Increase Photosensitivity 09/10
Drugs that Affect Weight 11/10

Drug Shortages

Nationwide Shortage of Tetanus Toxoid 5/01
Manufacturers Limit Drug Availability 10/03
Some Drugs Are Harder To Get Than Others 4/04
Morphine Sulfate 07/09
The How's & Whys of Drug Shortages 5/11
Warfarin and Levothyroxine Use 1/16
Duragesic (see Controlled Substances)
DVT – Compression Stockings 5/08
Compression Stockings and DVT 03/09
DVT: It can happen to you! 3/14

E

E-Cigarettes: A Safe Alternative to Smoking? 7/16
Edema
Edema, drugs, and heart failure 12/00
Encephalopathy: A Look at Encephalopathy 7/16
Emergency Kit
ER Kit Replacement Forms 4/99
Emergency Kit Medications 9/01
Emergency Narcotic Kits/Controlled Substance Inspection 7/04
Narcotic Kit/Controlled Substance Returns 7/04
Injectable Potassium change 8/07
Erythropoiesis Stimulating Agents 10/07

F

Falls
Quality Indicators: Fractures and Falls 10/00
Focus on Assisted Living: Fall Prevention 6/02
Vitamin D Deficiency and the Risk of Falls 03/09
Fanapt: New Drug Approval 07/09
Fecal Impaction (see Constipation)
Federal Regulations
New HCFA Regulations 9/99
Feeding Tube
Medications and Enteral Feeding Tube 10/99
Fibromyalgia
Fibromyalgia: A Review? 7/12
Fish Oil
Fish Oil: An Overview 11/14
Flu (see Influenza)

Focus on Neil Medical Services
Schedule of hours open 9/08
Education 11/08
Folic Acid Use in Long Term Care 2/06
Fractures
Quality Indicators: Fractures and Falls 10/00
Fraud
Preventing Prescription Fraud 11/01
Full Moon: Blame it on the Moon 11/16

G

G6PD Deficiency 5/08

Genetically Modified Foods: The Great Health Debate: 3/17

Generic Drugs

What is a Generic Drug? 4/03

Geriatrics

Geriatric Treatment Guidelines and Goals 9/15

Glaucoma

Glaucoma 9/08

Focus on Glaucoma 9/12

Geriatric Pharmacist Certification 11/15

Glucagon

Administering Glucagon 9/01

Glucometer

Glucometer Cleaning and Disinfection in the LTC Setting 05/09

Gout

Colchicine for Gout 12/02

Guaifenesin

Clearing Up the Confusion About Guaifenesin 2/04

H

H2 Receptor Antagonist and Dermatological Conditions 05/09

Happenings in the World of Drugs 6/05

(Crestor, Lovastatin, Cox II drugs, Aspirin/NSAIDS, Estrogen, Pill-in-the-Pocket, Duragesic, Temazepam, Levaquin solution, Tricor, Palladone, BiDil, Vesicare, Razadyne)

Headaches

Headaches in the Older Adult 3/18

Head Lice *Pediculus Humanus Capitis* 09/10

Health Care

What Has Happened to Healthcare? An Editorial 9/12

Heart Failure

Hypokalemia and CHF 12/99

Edema, Drugs, and Heart Failure 12/00

Adverse Effect: Heart Failure 4/04

BNP: A Marker for Heart Failure 11/04

The Changing Landscape of Heart Failure 7/16

Heart Failure: Medications to Avoid 9/17

Hepatic Encephalopathy 8/05, 5/08

Herpes Zoster Update 9/18

Hormone Replacement Therapy 2/02

Update on Hormone Replacement Therapy 8/02

Hospice 8/07

Focus on Hospice 11/10

Hospice: It's About HOW YOU LIVE 11/15

House Stock

Ensuring proper dosage of house stock items 8/99

Keeping the House Stocked 6/02
Inservice: House Stock Medications 4/05
Huntington's Disease 1/16
Hyperparathyroidism 6/05, 11/08, 3/14
Hypertension
Cinical Pearls: Beta Blockers 2/05
Tips to get accurate blood pressures 9/08
Hypertension and the Geriatric Population 1/14
New Hypertension Guidelines JNC 8 9/14
Hypoglycemia
Inservice: Administering Glucagon 9/01
Inservice: Managing Hypoglycemia 9/01
Clinical Pearls: Beta Blockers 2/05
Hypokalemia
Hypokalemia and CHF 12/99
Hyponatremia
Hyponatremia and SSRI's 1/16
